## 300+ hectares waiting for investors

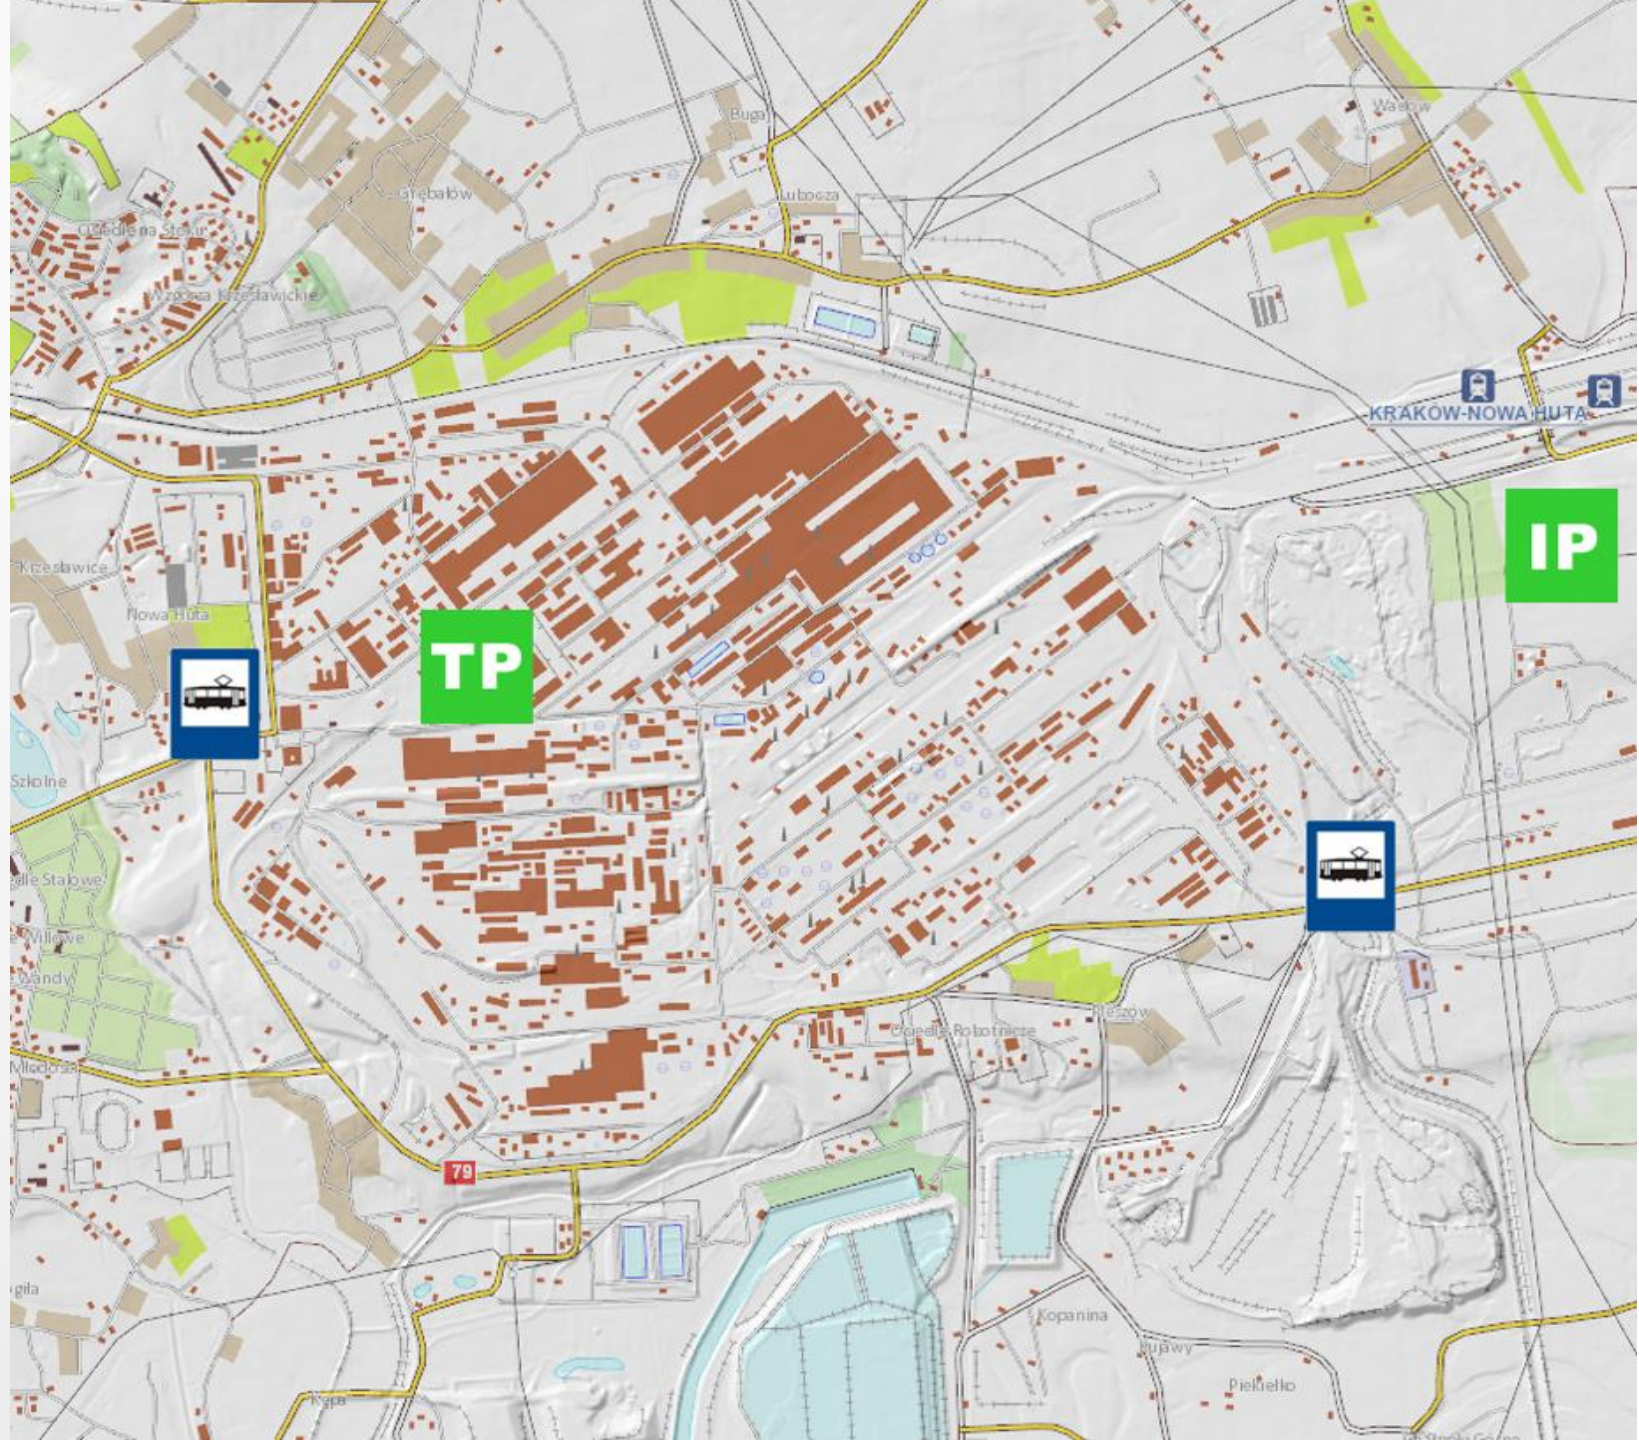

- located near the academic centre of Kraków (within a 10-km distance from the city centre),
- excellent transport connections with Kraków's centre,
- 4 km to S7 expressway interchange,
- 10 km to A4 motorway interchange,
- adjacent to a railway junction area,
- adjacent to the area occupied by the ArcelorMittal steel manufacturing company

# nh<sup>2</sup>

- The Industrial Park (**IP**): 150 hectares of land with technical infrastructure designated for industrial activities,
- The Technology Park (**TP**): 150 hectares of land with technical infrastructure designated for a technology park and BPO activities,

## The Industrial Park (IP)

- ca. 150 hectares of level land with a regular shape and dimensions ca. 1500 x 1000 m.
- adjacent to a railway junction area,
- within a 4-km distance from a junction on the S7 expressway connecting Kraków and Warsaw,
- within a 10-km distance from a junction on the A4 motorway that connects Germany and Ukraine and has an intersection with the A1 motorway from Gdańsk to Vienna,
- 220 kV power line,
- a high-pressure gas pipeline,
- water supply, municipal and industrial sewerage, district heating systems.

## The Technology Park (TP)

- 150 hectares of brown field with excellent transport connections with the centre of Kraków (located within a 10-km distance),
- ca. 70 hectares of undeveloped land designated for building development,
- full access to industrial and municipal utility networks,
- planned large green public spaces with recreation facilities
- designed infrastructure amenities, including car parks and garages
- post-industrial buildings to be adapted for investors' purposes.
